

School Children's Hose

School days are hard days on shoes. It requires particularly good shoes to withstand the strain to which an active child subjects them. They must endure hard knocks, which means extra good shoes to give solid wear.

Our shoes are designed especially for children whose feet are nearing maturity. They enforce correct foot position, allow ample room for expansion of all five toes, support the arch and ankle.

We have just the shoe you want for the children.

STEADY DROPPING OF BOMBS ON ENEMY

WITH THE BRITISH ARMIES IN FRANCE AND BELGIUM, Sept. 17.—There must always be periods of "comparative" quiet when big spectacular offensives are lacking on the great fighting fronts. The recent days have constituted one of these periods along the British lines in the western theatre, and to the outside world, reading the commander-in-chief's laconic "there is nothing of importance to report" or a brief account of seemingly inconsequential raids, it may appear that hostilities virtually have ceased.

But this conclusion is far from right, for the grim business of war continues perpetually. Hourly the big British guns hurl their thousands of tons of metal, carrying death and destruction into the German defenses; day and night great squadrons of aviators guide their machines over the German lines and dump their cargoes of high explosives on important positions and continually small bodies of British infantry are reaching out into the German trenches and snatching back prisoners, after playing havoc with bombs among the dugouts and mortar emplacements.

Of course, there is retaliation by the enemy, but the advantage rests with the entente allies in this constant hammering process. It is the steady dropping of water which is wearing away the stone.

BET SUGAR CONFERENCE.
WASHINGTON, Sept. 17.—Bet sugar refiners and brokers opened conferences here today to work out details of a plan for a central distributing agency planned to co-operate with the food administration and to agree on standard prices.

About ten per cent of the refiners protested against prices proposed, saying they had made contracts with bet

growers at unusually high rates. The food administration announced, however, that many of the growers affected by those contracts had agreed to accept a lower price as a patriotic duty. A solution will be sought at other conferences tomorrow.

Food Administrator Hoover in an address to the sugar men emphasized the duty of meeting the war emergency. In a contest between methods of autocracy and democracy, he said, economic problems in the democracy should be regulated by business men in co-operation with the government rather than by arbitrary acts of the government.

FALSE AFFIDAVITS BEING INVESTIGATED

SALT LAKE, Sept. 18.—Federal officers have begun an investigation into the making of false affidavits by those who have claimed exemption from military service before the local and district exemption boards of Idaho, Utah and Wyoming. Leon Bone, special investigator of the department of justice, is in charge of the investigation.

Complaints have been coming in from all of the intermountain territory in regard to exemptions which have been made and in every case where the local or district boards have been notified that false affidavits were made the names of the exempted men and of those signing the affidavits are turned over to the department of justice for a complete investigation. In many cases personal enmity is said to enter into the cases, and as a result the department looks forward to a large number of investigations where the accused parties will be found to be innocent.

Most of the cases which are to be investigated are those which grew out of exemptions on the ground of dependents. A large number of those

who have been exempted are accused of having secured friends to make such affidavits in order to escape military service.

The district board has also been troubled recently with the complaints of local boards. The local boards in many instances object to exemptions which are granted on appeal to the district board.

The district board is not reopening any of the cases protested unless the local boards are ready to submit proof that the exemptions granted were not rightfully allowed. As yet the appeals which are to be taken by the government on men exempted in Washington and Beaver counties have not been sent to the district board. It was charged that in Washington county the local board exempted a number of relatives of board members.

SALT LAKE YOUTHS ORGANIZE REGIMENT

SALT LAKE, Sept. 18.—Aroused to a point of patriotic enthusiasm which has commended them to educators, church officials, state, city and county officers and citizens generally, the boys of Salt Lake are following the example of the rest of the country and are being organized into a regiment of marine scouts through the medium of the United States marine corps. Already scores of boys of all ages, with apparent realization of the needs of the country, have fallen into line.

The purpose of the organization is not essentially to train boys in the use of weapons of war, but they are to be trained in the more serious things of life during times of peace and to prepare for war emergencies of the future. They are to be trained to fight the battles of life with fortitude and resourcefulness.

FRANCE IS RESOLVED TO REGAIN GROUND

WASHINGTON, Sept. 18.—France's unalterable determination to restore Alsace-Lorraine to the republic was reiterated in a cablegram received here tonight from President Poincare by Daniel Blumenthal, former Alsatian deputy to the German reichstag, who recently came to this country at the instance of the French government to lay the Alsatian situation before President Wilson. The message said:

"We are resolved to obtain for Alsace-Lorraine the restoration of the French land—a restoration fully justified by the sufferings endured for forty-six years and the heroic sacrifices of her sons who have died gloriously for the cause of liberty."

President Poincare cabled in response to a protest of Alsatians in Hoboken, N. J., against the German proposal to make Alsace-Lorraine an independent duchy.

INVESTIGATION OF OFFICES IN TEXAS

AUSTIN, Tex., Sept. 18.—Both branches of the Texas legislature last night decided on a sweeping investigation of all state departments and institutions by a large committee appointed for that purpose. The house by a vote of 75 to 22 adopted a resolution which had been under consideration all day providing for a committee of thirty members to conduct the investigations.

The senate, after the impeachment court had recessed, adopted by a vote of eighteen to seven a resolution providing for a committee of eleven senators to make the inquiry.

There will, accordingly, be forty-one lawmakers engaged in this wholesale investigation, besides a corps of expert auditors and stenographers. The speaker is to name the committees in the house and the president of the senate is to appoint the members of that body. By an amendment adopted to the resolution the committees from both branches are to work together.

K. OF C. OFFICERS ARE ELECTED

The annual election of officers of the Ogden Council No. 777, Knights of Columbus, was held last night. L. J. Healy, the newly-elected financial secretary, was presented with a fourth degree ring. The newly-elected officers are the following: M. J. O'Connor, grand knight; J. B. Egan, deputy grand knight; John A. Junk, chancellor; L. J. Healy, financial secretary; H. F. Cahill, recording secretary; John F. Shaughnessy, warden; J. J. O'Connor, treasurer; S. J. Powell, advocate; John Cartie, inside guard; John Brophy, outside guard; W. J. Dermody, trustee.

YOUTH FIGHTS IN DEFENSE OF FLAG

SALT LAKE, Sept. 18.—Fielding K. Smith, 17, son of President Joseph F. Smith of the Mormon church, defended the American flag and outfought two mysterious men who attacked him in the yard of the West high school Sunday night, according to his friends.

Young Smith picked up a small American flag while passing through the school yard and stuck it in the lapel of his coat, when two men attacked him, demanding that he throw the flag away. The young man, who is a student at the L. D. S. university, defeated both his opponents, although one of them flourished a knife, it is said. In the scuffle he received a few superficial scratches on his hands and face.

TWO ACCUSED OF ILLEGAL PRACTICING

SALT LAKE, Sept. 18.—V. A. Nelson was arraigned before Judge J. Louis Brown of the Third district court yesterday on a charge of practicing medicine without a license. The case was continued to this morning for pleading.

The case of P. E. Erickson, charged with practicing medicine without a license, was reset for trial on September 24.

Trial of Burt Purkhiser, charged with practicing medicine, is scheduled to begin today.

"Where are you going this summer?"
"Oh, to one of the liberal beaches."
"What is a liberal beach?"
"A place where feminine bathers are not required to wear more clothes than they do on the street."—Birmingham Age-Herald.

EXEMPTION BOARD OF BEAVER COUNTY UNDER FIRE

SALT LAKE, Sept. 18.—The district exemption board yesterday appointed Rex W. Williams special agent of the board to make a complete investigation regarding the reports from Beaver county that all married men were exempted from military service, regardless of dependents. Mr. Williams will go to Beaver county on behalf of the federal government and cause an appeal to be taken in every case where it is thought the local board has been prone to grant exemptions which are not within the pale of the conscription laws or the rules and regulations of the provost marshal general. As 288 men were examined in Beaver county in order to get forty-four men who could go to the national army, it is thought that a great number of appeals will be taken to the district board.

Mr. Williams has also been empowered by the district board to assist Major W. M. Minor in his investigations and it is thought that he will go to other counties in the state where complaints have been registered regarding the work of local boards in exempting many who were high in the liability order number.

EXEMPTION REVOKED

The board yesterday revoked the exemption granted to George Gemas of Bingham. Mr. Gemas appealed from the decision of Salt Lake county district No. 1 board and claimed that he had a family dependent upon him for support. An investigation disclosed that Gemas had not reported to the local board for examination and that it was compelled to send a deputy sheriff to Bingham to the mines to bring him before the board.

The district board yesterday certified seventy-four names to the national army and it was said that the board will be in a position to certify all of the men needed on October 3, when the second 40 per cent of the national army is called into service. The counties considered yesterday were Salt Lake, Millard, Rich, Utah and Davis and Salt Lake City. A number of persons drafted appeared before the district board yesterday for the purpose of claiming exemption on the ground that they are engaged in occupations upon which the government is dependent. Lafayette Hanchett, secretary of the board, said yesterday that there is still a great number who have misinterpreted the rulings of the war department and of the president.

CANNED GOODS IN HOMES SAFE

WASHINGTON, Sept. 17.—The untraceable rumor that the government intends to take canned and dried goods from homes persists and has spread to such an extent that the department of agriculture today placed an explicit and official denial in the hands of every county agent and representative with instructions to give it widest publicity.

The government never has contemplated commandeering foods from the homes in any sense, and the persistence of the rumor leads officials to believe that its basis probably may be found in propaganda to hinder food conservation and thereby continue high prices.

BOARD TO PROBE ARIZONA CONDITIONS

WASHINGTON, Sept. 17.—Appointment of a commission to investigate labor conditions in Arizona copper mines, as advocated by the American Federation of Labor, was proposed today to President Wilson.

President Gompers of the labor federation has laid before the president charges of federation investigators that I. W. W. agitators were encouraged by copper producing interests for the sake of discrediting the labor movement. Most of the miners recently deported from Bisbee were union members and not I. W. W. men and this was known to company officials who promoted the deportations, the federation of labor charges.

FORT SILL MEN TO GO TO FRANCE SOON

SALT LAKE, Sept. 18.—That the Missouri and Kansas guardsmen will get to France ahead of the American Lake contingent is the opinion of William Yeates, second lieutenant of cavalry, officers' reserve corps, now stationed with the Thirty-fifth division, national guard camp at Fort Sill, Okla. This division is under command of Major General Wright. The American Lake division is numbered the Ninth first, and if the divisions are sent by rotation, will be considerably to the rear.

With Lieutenant Yeates at Fort Sill are Paul Williams and Derr Mayne, also of Salt Lake.

According to Lieutenant Yeates, the troops are getting the real thing at Fort Sill, with the field guns firing shrapnel, the machine guns spitting real bullets and all kinds of target practice going on while aviators soar overhead.

A number of French non-commissioned officers are assisting in the band grenade, machine gun and artillery schools.

STORAGE FACILITIES TOO SMALL

WASHINGTON, Sept. 17.—Cold storage men conferred with the food administration today on enlarging storage facilities to help conserve perishable food and to propose legislation for warehouse licensing.

FIRE IN RUSSIA

ROME, via London, Sept. 18.—A Petrograd dispatch to the Messenger says that a great fire has broken out in the military factories in the district of works. The damage amounts to several million rubles.

Virden (Ill.) Co-operative society paid a dividend of 10 per cent to its membership on the bases of purchases during the last quarter.

WHEN OPPORTUNITY COMES
For saving money, do not turn it aside but grasp it. It has brought success to many, and will also bring it to you.

Whether you have much or little cash to deposit, bring it to the Commercial National Bank and start an account.

Four per cent interest paid on savings accounts.

COMMERCIAL NATIONAL BANK

Ogden, Utah.

GRAIN MEN CONFER WITH PRESIDENT

WASHINGTON, Sept. 17.—Representatives of farming, warehouse and other interests of Oregon, Washington and Idaho will confer with President Wilson Thursday over the fixed price for wheat, which they say is affected by the railroad rates.

Tri-State Grange and other state organizations hope to have the president approve higher rates for grain, by which they allege they are forced to sell grain for 30 cents less than the standard Chicago price.

Cuba has but one federated labor movement.
